Disclaimer: The Bank Statements that are submitted for this review are expected to identify stable and consistent revenue and/or income that is related to the borrower(s) self-employment business. Mega Capital Funding will review the bank statement data and will attempt to identify any deposits that either do not appear to be related to the borrower(s) self-employment earnings OR that do not appear to be stable and consistent, and will adjust our calculations accordingly. However, in order to ensure the accuracy of this calculation and to provide the greatest service to the borrower, to the extent that there are deposits or activity on these accounts that are not related to standard, ongoing revenue related to the borrower(s) self-employment business, please identify those on submission form. As appropriate, during the loan origination process, Mega Capital Funding underwriting may require explanations and/or verification of deposits to confirm that the income that has been calculated can be considered stable business income that is likely to continue.
