## **Rob and Mega Saved the Day!**

Kudos to Rob and his team at Mega Capital Funding. UWM rejected a doable loan and made me believe the income was not usable, fannie or freddie, 15 days into transaction. We only have 15 days to fund out the loan and I was about to call the agents to cancel the contract, I sent a Hail Mary to Rob asking how his UW team would analyze the income. They said the loan was doable and Rob would help to push the loan to close with less than 15 days left until COE. UWM refused to make corrections to the appraisal that Mega had requested, and Mega gave us exceptions on the appraisal to get the file moved forward and closed right on time. I highly recommend using Mega Capital, and Rob is fantastic.

We at Mega Capital are working each day with our brokers to give a positive experience to the broker and the consumer. The above is just some of the feedback we have been given recently.

*Thank you* FROM ALL OF US MEGA CAPITAL
